11 - "We were founded in Austin, Texas, when four local businesspeople decided the natural foods industry was ready for a supermarket format. The original store opened in 1980 with a staff of only 19 people. It was an immediate success. At the time, there were less than half a dozen natural food supermarkets in the United States. We have grown by leaps and bounds since our first store opened."

1 - "We were founded in 1982 with a basic philosophy – serve great, fresh food with friendly service in a fun atmosphere. Entrepreneur Tony DeGrazier had a vision of a restaurant that would offer a simple, original menu featuring gourmet hamburgers, specialty drinks and a fun, tropical theme. In fact, he wanted to recreate the dining experiences he had in the 1960s while stationed in Oahu with his Navy buddies."

15 - "A landmark of the Silicon Valley and one of the few links to the area's agrarian past, this was established in the early 1950s. Still standing as one of the oldest buildings in Cupertino, it's not difficult to walk in and imagine the valley when apricot, plum, and cherry orchards -not computers were the stock in trade. A friendly, lively, sometimes bizarre atmosphere prevails as we pour some of the finest imports, microbrews, and spirits around. Stop in for a stiff drink, a relaxed atmosphere, a game of pool or darts, or to cheer on your favorite sports teams."

3 - "We first opened its door on Halloween of 2007. The man behind the sandwich always puts his customers happiness first. That is what sets us aside from the rest. When you come to us, it is our goal to make you feel like the unique individual that you are. If that isn't enough to set us aside, did I mention that the bread is baked fresh to order? And our soon to be patented "Dirty Secret Sauce" is spread on every sandwich and baked right in the bread, and another layer is spread on afterwards to give it that extra flavor. Mmmmm... are you hungry yet?"
